JOB DEMAND IN COSMETOLOGY/RELATED INDUSTRIES

According to www.careerschoolnow.org, Cosmetology is a recession-proof career. No matter what's going on in the economy, people still find the funds to get their hair and nails done. It's those little pleasures that give peace of mind and self-confidence, regardless of what is happening in the world. As of 2016, the average salary of a hairdresser is \$22,388 or \$11.66 per hour. Beginners will make \$16,262 per year, and those with a regular, long-time clientele will average \$43,756. These salaries do not reflect tips which can add significantly to their bank accounts.

Employment growth for cosmetologists, between now and 2026, cosmetology jobs are expected to grow 10%, which is faster than average when compared with all other occupations. Due to factors such as posting to social media channels, and perhaps the rise in population, more people will be looking for a professional to do their hair and nails. And, not just with anyone. Licensed, qualified cosmetologists.

The National Accrediting Commission of Career Arts and Sciences (NACCAS) reveals that some of the main factors that determine cosmetology career earnings and salary ranges include the size and location of the salon, hours worked, the tipping habits of clients, and competition from other salons and shops. The cosmetologist's ability to bring in and maintain regular clients is another factor in determining many cosmetologist's salaries and cosmetology salary ranges.

JOB DEMAND IN NAIL TECHNICIAN

According to Beauty Schools Directory, the pay for nail technicians is typically hourly rather than salary. The average wages for all nail techs (including manicurists, pedicurists, cosmetologists who do nail technology primarily) as self-reported by job-seekers posting resumes on CareerBuilder and their affiliated sites is \$15.71, but those in the 90th percentile and higher may make \$22.17 hourly or more. This may or may not account for tips. Compensation appears to increase as you gain more years of experience in the field.

Employment growth for nail technicians, between now and 2026, nail technician jobs are expected to grow 13%, which is faster than average when compared with all other occupations. Due to factors such as posting to social media channels, and perhaps the rise in population, more people will be looking for a professional to do their nails. And, not just with anyone. Licensed, qualified nail technicians.

CAREER CONSIDERATIONS

The school feels that Students interested in pursuing a career in cosmetology or a related field should consider all aspects of such a decision. Persons who want to become professionals in this field must:

- Have finger dexterity and a sense of form and artistry
- Enjoy dealing with the public and be able to follow a client's direction
- Keep abreast of the latest fashions and beauty techniques
- Work long hours while building a personal clientele in order to earn the desired income
- Make a strong commitment to the educational process and complete the course of study
- Learn the skills necessary to operate a personal business

In addition, applicants and Students should be aware that:

- The work can be arduous and physically demanding because of long hours standing with hands at shoulder level or sitting over a nail technician's station or esthetician's chair.
- A personal investment may be required for advertising and promotions such as printing of business cards.
- There will be exposure to various chemicals and fumes that may cause allergic reactions or could be harmful if used incorrectly.
- The practice of safety and infection control is essential for effective and successful performance within the industry.
- Methods of compensation vary and may include straight salary, salary plus commission, straight commission, sliding scale commission, retail commission or independent contracting (renting space and equipment from an existing salon).

EMPLOYMENT ASSISTANCE

While the school cannot guarantee employment for graduates, assistance in finding suitable employment is provided by posting area job openings on a career opportunities bulletin board for Students to review. Students also receive training in how to seek employment that includes how to write a resume, complete an employment application and prepare for an effective interview. The school places a great deal of emphasis on how to obtain and retain employment after graduation. When our graduates succeed, we succeed!

FACILITY

<https://www.avaloncosmetologyschool.com/policies/CampusSafetyandSecurityPolicyandFireSafetyReport.pdf>

This document has been designed to inform all students and employees about the school's safety and security procedures and policies. The annual disclosure document is done each year by contacting the local police department to compile the statistics used in the report. All crimes are reported based on the calendar year in which the crime was reported to local police agencies or to the School Administrative Office. The safety of our students and employees is an important concern of the school's administration. This document explains this school's policy regarding crime and accident prevention, public safety, criminal and accident reporting procedures, and fire safety. At orientation for new students and employees, as well as in October of each year, the students and employees are informed of the school's campus security report, procedures, and safety practices. We also review with students and employees the need to be responsible for their own security and safety at all times.

KIT (07/21)

The school documents on an annual basis that the books and supplies, including course materials, are not available elsewhere or accessible by students enrolled in that program from sources other than those provided or authorized by the school. The school is often able to get the required kit materials at a discount that would not be available to the student. Kit fees are based on real and reasonable costs as determined annually by school administration. The required apron and name tag along with educational materials, included as part of the kit, are issued at the beginning of the course of study, however the majority of the student kit is issued at the successful completion of the Essentials Phase. Students are responsible for replacement of lost, stolen, broken, or unreturned items. Students are required to have their issued student kit for class and clinical assignments each day. If the student kit is not available at the start of class, the student will not be allowed to attend school until the following scheduled day. In the event of withdrawal, issued kit materials are non-refundable. All kit and personal items must be claimed within 30 days of the Date of Determination, as stated by the Department of Education, as the date the institution determines the student has withdrawn either officially or unofficially. If the student fails to meet the 30 day requirement stated above, that property then becomes the property of the school. Kits furnished to the student, which the student fails to return in condition suitable for resale, are non-refundable and will be charged to the student even if the kit remains the property of the school. The school is not responsible for lost or stolen articles during the 30 day window between Date of Determination and claim date.

ATTENDANCE REQUIREMENTS (09/21)

Classes are scheduled Tuesday, Thursday, and Friday between 8:30 a.m. and 4:30 p.m. with a forty-five-minute scheduled lunch. On Wednesdays, classes are scheduled between 10:00 a.m. and 8:00 p.m. Students are enrolled full time and are scheduled to attend 32 hours per week. Federal guidelines state a student is attending full-time at a minimum of 24 clock hours per week. The school does not offer part-time enrollment.

All Students are expected to comply with the schedule assigned by the school and attend theory class as required. Students are encouraged to attend a minimum of 90% of the scheduled hours to ensure they get the most from their career education and avoid paying extra instructional charges for extending their training beyond their contract ending date. Student hours are recorded by means of the Insight computer system. Students are given credit for exact hours attended. The school does not add or deduct attendance hours as a penalty. Time cards remain the property of the school. State rules prohibit altering of time cards in any manner. The school shall complete and maintain a monthly report for each student, summarizing the hours completed for that month. A copy will be provided to the student monthly.

As required by the Minnesota Board of Cosmetologist Examiners, all Students are scheduled for a 15-minute break at the beginning of the day along with a forty-five-minute lunch break daily. If a student fails to clock out for lunch as required, thirty minutes will automatically be deducted from the day's total hours.

- Attend all classes according to the assigned schedule including theory classes even if all required tests are completed.
- Arrive for all classes on time. If more than 15 minutes late, a student may not be allowed to attend class or to clock in until the scheduled class is dismissed. The determination will be made by school staff based on the circumstances causing the tardiness. If

entrance is not requested, the student is able to attend second session beginning at 12:30 (Tues. Thurs. Fri.) or 3:00 (Wed.). This will determine excused or unexcused absence and may result in an attendance violation.

- A student must notify a staff member before 8:15 a.m. (Tues. Thurs. Fri.), 9:45 a.m. (Wed.) of absenteeism or tardiness so that proper arrangements can be made to service clients that may be scheduled. If a student cannot be at school for the start of the session, the student cannot enter theory or the clinic floor until the second session (as stated in #2) begins unless they have a written excuse. This will determine excused or unexcused absence and may result in an attendance violation.
- A student must give 24 hours' notice when having to leave early for the day. If a student is not able to give advanced notice, this will be considered an attendance violation.
- Follow time clock procedures by clocking in and out to accurately reflect hours in attendance. No student may clock in/out for others.
- Obtain permission from a staff member to leave the facility for any reason other than lunch time and closing.
- Comply with scheduled lunch breaks. The time for the lunch break will depend on the classes scheduled and the clinic floor services that are assigned. As a consideration to fellow Students, clients, and Instructors, please notify the school if you are not returning from lunch.

EVALUATIONS AND ACADEMIC ADVISING

Students are advised regarding progress and achievement on a monthly basis. Evaluations include how the student is performing with regard to attendance, theory grades, and practical skills as well as their professionalism. Student strengths and areas needing improvement are identified and plans for needed improvement are discussed. Information and advice regarding licensing regulations, reciprocity, employment, and continuing education opportunities is available to Students as it is needed. The administration office has a list of agencies for referral if a student needs other assistance. The school has a Financial Aid Advisor who will be available to provide information and advice on funding assistance accessible to Students in accordance with applicable regulations.

CAMPUS CURRICULUM – STEP PROGRESSION

All programs offered by the school follows similar procedures in that the same instructional methods apply and the same grading procedures are followed for each course. Those policies are stated here and considered to be an integral part of each of the course outlines contained in this section of the catalog.

ESSENTIALS: In this basic, indispensable, and pre-clinical, opening level of training, Students will focus on learning the underlying theory and the basic skills required for performing Client services. In addition, Students will identify short-term and long-term career goals and begin development of an action plan for achievement of those goals. LEAVE OF ABSENCE POLICY (12/21)

A Leave of Absence (LOA) is a temporary interruption in a student's program of study. LOA refers to the specific time period during an ongoing program when a student is not in academic attendance. Students must follow this policy and request a Leave of Absence in advance unless unforeseen circumstances prevent the student from doing so and that it must be, in writing, signed, stating the reason for the leave, including all required documentation (doctor's note with dates or funeral announcement) for approval by the appropriate school staff. If approved, the official Leave will extend the contract period by the same number of days designated in the leave document or actually used by the student, no additional charges will be assessed as a result of an approved LOA. A student granted a LOA is not considered to have withdrawn, and no refund calculation is required at this point. No re-entry fee will be charged if the student returns to class on the expected return date after the completion of the Leave of Absence. **All LOA's will be taken for a minimum of 5 days, unless otherwise specified by a doctor's note. LOA's will be granted based on medical necessity/major illness or a death in the immediate family.** Leave of Absence requests may not exceed a total of 180 days in any twelve-month period. If at which time the student becomes approved to participate in federal financial aid and a financial aid recipient takes a leave of absence, the student's payment period is suspended during the LOA and no federal financial aid will be disbursed to Students while on a Leave of Absence. Upon the student's return, the student will resume the same payment period and coursework and will not be eligible for additional Title IV aid until the payment period has been completed. The contract end date will be revised upon return from the LOA to extend the ending date by the applicable number of calendar days. Changes to the enrollment agreement will be initiated by all parties. An official enrollment addendum will be completed to reflect updated contract end dates.

All approved leaves will be scheduled to begin on the first scheduled class date after the student's last physical day of attendance prior to beginning the Leave. This institution may grant a LOA to a student who did not provide the request prior to the LOA due to unforeseen circumstances if the institution documents the reason for the decision and collects the request from the student at a later date and the institution establishes the start date of the approved LOA as the first date the student was unable to attend. This would occur if a student was in a car accident and taken to a hospital immediately following the accident.

There is a reasonable expectation that a student will return from a LOA. A student on an approved absence must notify the school that he or she will not be returning. The date of withdrawal for the purpose of calculating a refund is always the student's last day of attendance. This applies to a student who does not return from an approved LOA or a student who takes an unapproved LOA.

GRADUATION REQUIREMENTS

Students MUST meet the following requirements in the applicable course of study to qualify for graduation and be issued a Diploma:

Any person is eligible to receive a license as a cosmetologist or nail technician if they have completed the required clock hours in an approved applicable course; has paid the required fees; and has passed the examinations required by the Minnesota Board of Cosmetology to determine their fitness to receive a license.

Students MUST meet the following requirements in order to qualify for licensure:

EMPLOYMENT

State licensure is required for both Cosmetology and Nail Technician careers. Cosmetologists and Nail Technicians can work in salons, day spas or nursing homes; it's up to each individual to decide what business model and working environment will work for them. You should consider such points as your financial status, professional goals, work style and experience when making a career decision. The best thing about the Cosmetology or Nail Technician careers is that it offers lots of freedoms to change your mind if you think you've made the wrong decision. The most common career options are renting a booth/chair, hourly rate or working for commission.

*Renting a booth/chair – Usually this career choice would be better for experienced cosmetologists and nail

technicians who have already built some clientele base. This career model allows you to set your own hours and fees but you will be responsible for purchasing your own supplies, paying self-employment taxes.

*Hourly Rate – Usually this career choice is best for those entry level operators who have no clientele base and require a guaranteed income.

*Commission – Usually this method is a perfect option for beginners who have a small clientele base but could also benefit from an influx of new clients provided by the business.

Regardless of whichever business model that you choose these careers often involve working evenings, weekends and long hours to build your clientele. It also requires that you keep up with the latest beauty trends and project a professional image. Good communication skills are essential for providing clients with the best possible service. You should make sure that you choose a supportive environment and that you feel comfortable to call on co-workers for any required help or support.

WITHDRAWAL or TRANSFER OUT REQUIREMENTS (07/21)

Students who withdraw from enrollment prior to course completion must:

- Notify the appropriate staff personnel of withdrawal in person, by phone, thru email or Facebook message
- Satisfy all debts owed to the school or be in compliance with a satisfactory payment plan.

Hours earned at the institution may not transfer to all other institutions. Our curriculum has been reviewed and approved for compliance in South Dakota all other states have not been determined.

Transcript Request:

Official transcripts will be issued to graduates if any of the following apply:

- The student owes less than \$250
- The student has entered into and is in compliance (6 consecutive on-time payments) with a payment plan with the school.
- The transcript request is made by a prospective employer for the student.
- The institution has sent the debt for repayment to a collection agency.

First copy of Transcript is provided free, requests for duplicate transcripts will have a \$15 fee.

BUYERS RIGHT TO CANCEL -REFUND POLICY (07/21)

For all terminations, for any reason, by either party, including students who withdraw from enrollment, program cancellation, or school closure a fair and equitable settlement will apply. All students cancelling enrollment must notify the school by one of the following approved methods, in writing, by phone, by email, in person or by Facebook message.

If a student application is rejected, you will be notified in writing and you will receive a full refund of all tuition, fees, and other charges paid to the school.

If you give notice that you (the student) are cancelling your enrollment agreement within five business days

after the enrollment agreement is considered effective, you will be entitled to a full refund of tuition, fees, and other charges paid to the school. An enrollment agreement will be presumed as effective on the date that the institution notifies you that you have been accepted into the institution and you have signed the enrollment agreement. If the notification of acceptance into the institution is sent by mail, then the effective day of being accepted is the postmark on the acceptance letter. This five-day refund policy applies regardless of when the program starts.

If you give notice that you (the student) are cancelling your enrollment agreement following the fifth business day after the enrollment agreement is considered effective, but before classes have begun, you will receive a full refund of all tuition, fees, and other charges except for the \$25 application fee.

If you (the student) withdraws after your program has begun but prior to 75% of course completion, you will be provided a prorated tuition, fees, and other charges refund minus a \$100 administrative drop fee. If you withdraw after 75% of the program has been completed, you are not entitled to a refund of tuition, fees, and other charges and will be charged a \$100 administrative drop fee. See schedule of refund below.

**PERCENT OF COMPLETED

**0.01 % to 74.9%
75% and over**

**TOTAL TUITION

**Proration Tuition (Based on MN Office of Higher Education Policy)

You will receive written notice acknowledging your withdrawal request within 10 business days after receipt of the notice and you will receive a refund of any tuition, fees, and other charges within 30 business days of receipt of your withdrawal. Written notice is effective as of the date of postmark if sent by mail or the day it has been hand-delivered to the institution. If you do not withdraw in writing or contact the institution about your absence, and you have not attended your program for 14 consecutive days, you will be considered to have withdrawn from the school as of your last date of attendance. If permanently closed or no longer offering instruction after a student has enrolled, the school will provide a pro rata refund of tuition to the student. If the course is canceled subsequent to a student's enrollment, the school will either provide a full refund of all monies paid or completion of the course at a later time. The school has a teach-out plan documented but has not entered into an agreement with any other institutions.

Other miscellaneous charges the student may have incurred at the institution (EG: extra kit materials, products, unreturned school property, etc.) will be calculated separately at the time of withdrawal. Issued student kits are Non- Refundable; they are the responsibility of the student. In the event of a withdrawal or termination the student has 30 days from the Date of Determination to claim his or her kit, books, and personal property. If the student fails to meet the 30-day requirement that property, then becomes property of the school. The Date of Determination, as stated by the Department of Education, is the date the institution determines the student has withdrawn either officially or unofficially.

If a Title IV financial aid recipient withdraws prior to course completion, a calculation for return of Title IV funds will be completed and any applicable returns by the school shall be paid, as applicable, first to Federal Pell Grant Program; second to Minnesota State financial aid, third to private or institutional student financial assistance programs; and last to the student. After all applicable returns to Title IV aid have been made, this refund policy will apply to determine the amount earned by the school and owed by the student. If the student has received personal payments of Title IV aid, he/she may be required to refund the aid to the applicable program. All Minnesota financial aid will be refunded based on the Minnesota financial aid refund policy.

RETURN OF TITLE IV POLICY (R2T4)

This policy applies to all students who have received Federal and/or State Financial Aid or SELF Loans. The Return of Title IV Funds Policy is designed for students who wish to discontinue their enrollment in the program or for those students who cease attendance without officially notifying the Avalon School of Cosmetology office. This policy outlines the potential financial ramifications of withdrawing from the program before completion.

Federal regulations require that Title IV financial aid funds to be awarded and disbursed under the assumption that the student will attend the institution for the entire period in which federal assistance was provided. When a student withdraws from the program for any reason, he/she may no longer be eligible for the full amount of Title IV funds that he/she was originally disbursed. The return of funds are based on the premise that students earn their financial aid in proportion to the number of hours completed in the program in which they are currently enrolled. A prorated schedule is used to determine the amount of federal aid he/she will have earned at the time of the withdrawal.

This calculation must be completed if a student receives federal funds and completely withdraws prior to the completion of the program. Students who receive federal and/or state financial aid must “earn” the aid they receive by enrolling and participating in classes. The amount of federal financial aid assistance the student earns is on a prorated basis. Students who withdraw or do not complete all hours during the payment term may be required to return all or a portion of the federal and/or state financial aid they received.

For example:

For Pell, if a student completes 40% of the payment period, he/she earns 40% of the approved federal aid that he/she was originally scheduled to receive for the payment period. This means that 60% of the student's scheduled or disbursed federal aid remains unearned and must be returned to the appropriate federal program. Once the student completes 60% of the term, he/she has earned 100% of his/her financial aid. Thus, no federal financial aid will be returned.

Regulations require schools to perform calculations within 30 days from the date the school determines a student's complete withdrawal. The school must return the funds within 45 days of the calculation. The R2T4 calculation process and return of funds is completed by the 3rd party financial aid resource, FATSTAF.

A student's withdrawal date will be the last day the student was physically in attendance. An active student officially withdraws when they notify the school's administrative office of their intention to withdraw from school. An active student is considered unofficially withdrawn when they have been absent for 14 consecutive days from their last date of physical attendance without notifying the school's administrative office.

Once the R2T4 has been calculated and communicated to the Avalon School of Cosmetology administrative office from FATSTAF, if applicable, a refund calculation spreadsheet from the MN Office of Higher Education will then be completed to determine the earned amount of any MN State Financial Aid and/or MN SELF Loan disbursement.

- If the aid already disbursed equals the earned aid, no further action is required.
- If the aid already disbursed is greater than the earned aid, the difference must be returned to the appropriate Title IV aid program. This means that a balance may be created on the Avalon School of Cosmetology student account, and he/she will then be billed and responsible for paying all charges.
- If the aid already disbursed is less than the earned aid, Financial Aid will calculate a post withdrawal disbursement. The student will be notified of any additional disbursements via mail.

The Avalon School of Cosmetology student will receive a formal letter in the mail with a copy of their official withdrawal calculation spreadsheet. Students are strongly advised to meet with a member of the Financial Aid Office to discuss the financial consequences of dropping out of or withdrawing from the school before doing so.

The order in which funds will be returned will be Federal Pell Grant Program, Minnesota State Grant, MN SELF Loan and then student.

REQUEST A CHANGE IN PROGRAM

All students requesting a change in program must submit a written request notice to the school office, dated and signed. If a student requests a change in program from the 2100-hour program into the 1550-hour program after 1050 hours they will be charged the initial tuition cost of the 2100-hour program. If a student requests a change in program from the 1550-hour program into the 2100-hour program they will be charged the difference in tuition. All 350 and 400-hour program change requests to 1550 or 2100 will be charged the

difference in tuition. All program change requests will be charged a \$100.00 fee made after the initial contract execution.

FINANCIAL AID OPPORTUNITIES

Pell

Pell Grants will be awarded to qualified enrolled students based on length of program but disbursed based on actual hours attended. Eligible students must maintain Satisfactory Academic Progress to remain in good standing. To apply for a grant, the student may go online to the free FAFSA website located at <https://fafsa.ed.gov/FAFSA> or obtain a paper FAFSA form from the school office. If the enrolled program is not completed in full, this grant will be subject to the Return to Title IV refund calculation spreadsheet.

Minnesota State Grants

Minnesota State Grants will be awarded to qualified enrolled students based on length of program but disbursed based on actual hours attended. Eligible students must maintain a minimum of 30 hours per week within the prior disbursement period to receive a 100% calculation. To apply for a grant, the student may go online to the free FAFSA website located at <https://fafsa.ed.gov/FAFSA> or obtain a paper FAFSA form from the school office. If the enrolled program is not completed in full, this grant will be subject to the MN Office of Higher Education refund calculation spreadsheet.

Self-Loans

The Self-Loan is a fixed or variable-rate loan offered through the Minnesota Office of Higher Education and must be paid back. Students can apply for this to supplement the Minnesota Grant money. To apply for this loan, the student may request an application form from the school office. If the enrolled program is not completed in full, this loan will be subject to the MN Office of Higher Education refund calculation spreadsheet.

SATISFACTORY ACADEMIC PROGRESS POLICY (SAP) (09/21)

The Satisfactory Academic Progress Policy is printed as a separate policy in the institution's Student Catalog and Handbook, posted to the school website and part of the pre-enrollment checklist to ensure that all Students receive a copy prior to enrollment. This policy consistently applies to all students enrolled at Avalon School of Cosmetology. All Students must sign the Table of Contents page of this Catalog verifying receipt of this very important policy. The policy is written to comply with not only the guidelines established by the National Accrediting Commission of Career Arts and Sciences but also the federal regulations established by the United States Department of Education and the Minnesota Office of Higher Education.

All students attending Avalon School of Cosmetology must maintain satisfactory academic and attendance progress as defined by the school in order to be eligible for Title IV and Minnesota financial assistance. Satisfactory academic and attendance progress is the qualitative and quantitative measure used by the school to determine the extent to which a student is making adequate progress towards the completion of the program within the maximum time frame while maintaining a minimum academic and attendance standard.

The satisfactory academic progress policy applies to all students, whether receiving Federal Title IV funds, Minnesota State Grant funds, partial funding assistance, or self-pay. Satisfactory Progress in attendance and academic work is a requirement. Students must maintain Satisfactory Progress to continue eligibility for funding. To determine Satisfactory Progress, all students are evaluated in academics and attendance at the end of each payment period. Students are advised of their academic and attendance status via the Satisfactory Academic Progress Evaluation Form; each student will receive a copy of the results. The Satisfactory Academic Progress Policy requires that Avalon School of Cosmetology notify all students of any evaluation that impacts the student's eligibility for financial aid.

DETERMINATION OF PROGRESS STATUS

Students meeting the minimum requirements for academics and attendance at the evaluation point are considered to be making satisfactory academic progress until the next scheduled evaluation. Students will receive a hard copy of their Satisfactory Academic Progress Determination at the time of each of the evaluations, which will occur within seven (7) school business days following each established evaluation period. Students

deemed not maintaining Satisfactory Academic Progress may have their Title IV Funding interrupted, unless the student is on warning or has prevailed upon appeal resulting in a status of probation. Students will be evaluated at the following points based on actual contracted hours at Avalon School of Cosmetology:

Course / Program	Attended Hours	Full Time Weeks	Part Time Weeks
Nail Technician 350	175	5.5 Weeks	No Part Time Schedules are offered at this time.
Nail Technician 400	200	6.25 Weeks	
Cosmetology 2100	450, 900, 1350, 1800	12.5, 25, 42.2 & 56.25 Weeks	
Cosmetology 1550	450, 900, 1225	12.5, 25, 38.3 Weeks	

ATTENDANCE PROGRESS

Avalon’s academic year is 26 weeks and 900 clock hours. Students must attend a minimum of 67% of the cumulative scheduled hours to maintain Satisfactory Progress and complete the course within the maximum allowed time frame. The maximum time frame is equal to 150 times the published length of the course. Authorized leaves of absences will not be considered in the maximum time frame evaluation; LOAs will extend the student’s contract period and maximum time frame by the same number of days taken in the LOA. Students who exceed the maximum time frame shall be terminated from the program. A withdrawn student can be permitted to re-enroll in the program on a cash-pay basis in a manner consistent with the re-enrollment provisions of Avalon’s admissions policy.

ATTENDANCE PROGRESS EVALUATIONS

Students are required to attend a minimum of 67% of the hours possible based on the applicable attendance schedule in order to be considered maintaining satisfactory attendance progress. Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total hours completed by the total number of hours scheduled. For partial months, scheduled hours will be calculated by multiplying the number of class days scheduled times the number of hours scheduled each day depending upon the student’s attendance schedule. If at any point it can be determined that a student cannot mathematically complete the program within the maximum time frame, the student will become ineligible for Title IV and Minnesota Financial aid.

At the end of each evaluation period, the school will determine if the student has maintained at least 67% cumulative attendance since the beginning of the course which indicates that, given the same attendance rate, the student will graduate within the maximum time frame allowed.

Maximum Time Frame (09/21)

The maximum time (which does not exceed 150% of the course length) allowed for Students to complete each course at satisfactory academic progress is stated below:

COURSE	MAXIMUM TIME ALLOWED	WEEKS
NAIL TECHNICIAN – 350 HOURS	525 SCHEDULED HOURS	15 WEEKS
NAIL TECHNICIAN – 400 HOURS	600 SCHEDULED HOURS	18 WEEKS
COSMETOLOGY-1550 HOURS	2325 SCHEDULED HOURS	78 WEEKS
COSMETOLOGY-2100 HOURS	3150 SCHEDULED HOURS	107 WEEKS

The maximum time allowed for transfer Students needing less than full course requirements will be determined based on 150% of the contract scheduled hours. Students who have not completed the course within the maximum timeframe will be dropped from the program but may re-enroll, in a manner consistent with the re-enrollment provisions of the institutions admissions policy, as a student at the institution on a cash pay basis.

Essentials Phase Attendance Progress

Students are encouraged not to miss any days during their scheduled Essentials phase. Any student that does not complete this phase with a minimum of 90% attendance will be evaluated by the school director and may be required to repeat the entire Essentials curriculum; with a maximum of three attempts allowed.

Students who are required to repeat the Essentials Phase must meet the required Satisfactory Academic Progress Policy for both Attendance and GPA before they will be eligible to receive their provided student kit.

ACADEMIC PROGRESS

Students are assigned theory study and practical assignments. Theory is evaluated by written exams given after each unit of study. Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or better. Practical skills are evaluated according to text procedures and performance standards established by the state licensing agency. Students must maintain a grade average of 75% and pass a FINAL written and practical exam prior to graduation.

ACADEMIC PROGRESS EVALUATIONS

To determine academic progress, Students are assigned theory study and a minimum number of practical experiences. Theory is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course completion **ONLY** when rated as satisfactory. If the performance does not meet satisfactory requirements, it is not counted and the performance must be repeated. At least two comprehensive practical skills evaluations will be conducted during the course of study. Practical skills are evaluated according to text procedures, performance standards established by the state licensing agency. Students must maintain a theory grade average of 75% and pass a FINAL written and practical exam prior to graduation. Students must make up failed or missed tests and incomplete assignments. Numerical grades are considered according to the following scale:

WRITTEN and PRACTICAL

93 - 100 EXCELLENT

85 - 92 VERY GOOD

75 - 84 SATISFACTORY

0 - 74 BELOW STANDARDS - NEEDS IMPROVEMENT

WARNING

Students who fail to meet minimum requirements for attendance or academic progress are placed on warning and considered to be making SAP during the warning period. The student will be advised in writing of the actions required to attain SAP status by the next evaluation. If at the end of the warning period, the student has still not met both the attendance and academic requirements, the student may be placed on probation and if applicable, students may be deemed ineligible to receive Federal and State aid unless the student successfully appeals the decision and is placed on probation.

PROBATION THIS PROBATION SHOULD NOT BE CONFUSED WITH DISCIPLINARY PROBATION

Students who fail to meet minimum requirements for attendance or academic progress after the warning period will be placed on probation and considered to be making satisfactory academic progress while during the probationary period, if the student appeals the decision, and prevails upon appeal. Additionally, only students who have the ability to meet the Satisfactory Academic Progress Policy standards by the end of the evaluation period may be placed on probation. Students placed on an academic plan must be able to meet requirements set forth in the academic plan by the end of the next evaluation period. Students who are progressing according to their specific academic plan will be considered making Satisfactory Academic Progress. The student will be advised in writing of the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the probationary period, the student has still not met both the attendance and academic requirements required for satisfactory academic progress or by the academic plan, he/she will be determined as NOT making satisfactory academic progress and, if applicable, students will not be deemed eligible to receive Title IV funds.

APPEAL PROCEDURE

If a student is determined as NOT making satisfactory academic progress (SAP) following one warning period, the student may appeal the negative determination. Students who wish to appeal the school's determination (for reasons such as death of a relative, injury/illness of the student, or other special circumstances) must appeal within 10 calendar days by completing the school required Appeal Form; detailed explanation as to why

the student failed to meet satisfactory academic progress and listing what has changed in the student's situation that would allow the achievement of satisfactory progress at the next evaluation point must be provided. An appeal hearing will take place within five (5) business days of receipt of this written appeal. This hearing will be attended by the student, parent/guardian if applicable, and appropriate school staff. A decision on the appeal will be made within three (3) business days after this hearing, and will be communicated in writing. All documentation in regards to appeal will remain in the student file. This decision will be final. Students who prevail upon appeal will have eligibility for Title IV and Minnesota funds reinstated. If the school grants the student's appeal, the student will be placed on Probation Status until the next evaluation point.

RE-ESTABLISHMENT OF SATISFACTORY PROGRESS

Students may re-establish satisfactory academic progress, Title IV aid and Minnesota State Grant, as applicable, by meeting minimum attendance and academic requirements by the end of the warning or probationary period. Satisfactory academic progress could also be achieved at the end of an academic plan. This includes both Federal and State financial aid.

REESTABLISHMENT OF STATUS

A student determined NOT to be making Satisfactory Progress may reestablish Satisfactory Progress by: 1) Making up missed tests and assignments and increasing grade average to *75% or better, and/or 2) Increasing cumulative attendance to 67%.

REINSTATEMENT OF FINANCIAL AID

Title IV aid and Minnesota State aid will be reinstated to students who have prevailed upon appeal regarding the status of Satisfactory Progress or who have reestablished Satisfactory Progress. This can only be done at an official evaluation point at the end of the payment period.

DETERMINATION DATE / WITHDRAWAL DATE (OFFICIAL / UNOFFICIAL WITHDRAWAL)

A student's actual last date of attendance would be the last day the student was physically in attendance. A withdrawal date on a student who had been previously attending could be up to, but not to exceed 14 consecutive days from that student's actual last date of attendance. An active student officially withdraws when they notify the school's administrative office of their intention to withdraw from school. An active student is considered unofficially withdrawn when they have been absent for 14 consecutive days from their last date of physical attendance without notifying the school's administrative office.

COURSE INCOMPLETES, REPETITIONS AND NON-CREDIT REMEDIAL COURSES

Course incomplete, repetitions and non-credit remedial courses have no effect on the institution's Satisfactory Progress Policy.

REENTRY STUDENTS/INTERRUPTIONS

Students who have been terminated or withdrew from school may re-enroll (if determined eligible) within 180 days, however these students will be responsible to pay any remaining balance from the previous enrollment that cannot be covered with reinstated federal funds, plus any increase in tuition rates if applicable. Students who have been terminated or withdrew from school and re-enroll (if determined eligible), will pay a \$150 re-enrollment fee and will be charged for contracted hours at the current tuition rate. All re-enrolling students will be provided the school's Re-enrollment Policy and will be evaluated by the school Director for placement in the curriculum and kit needs. Re-enrolling students may be required to purchase the current school kit. Students applying for re-entry or transfer-in from other schools may be required, as a condition of enrollment, to bring delinquent prior student loans to a current status.

A determination of Satisfactory Academic Progress will be made and documented at the time of withdrawal or beginning of a Leave of Absence. Students re-entering after withdrawal or Leave of Absence will re-enter in

the same Satisfactory Academic Progress status as when they left. The student may appeal a negative Satisfactory Academic Progress determination according to the appeal policy. Elapsed time during a Leave of Absence does not affect Satisfactory Academic Progress and will extend the contract period by the same number of days as the Leave of Absence. Students re-entering after exiting the school will not be evaluated as new students. Re-enrollment is at the discretion of the school administration.

REINSTATEMENT OF FINANCIAL AID

If applicable, at next official evaluation, Title IV financial aid will be re-instated to qualified Students who have prevailed upon appeal or who have re-established satisfactory academic progress by meeting the minimum cumulative attendance and academic requirements.

NONCREDIT AND REMEDIAL COURSES

Noncredit and remedial courses do not apply to this institution. Therefore, these items have no effect upon the school's satisfactory academic progress standards.

TRANSFER HOURS

With regard to Satisfactory Academic Progress, a student's transfer hours will be counted as both attempted and earned hours for purpose of determining when the allowable maximum time frame has been exhausted. SAP evaluations will take place based on actual contracted hours at Avalon School of Cosmetology; at the predetermined evaluation period(s) listed above or at the midpoint of the hours contracted, whichever is applicable, the transfer student will be notified during the first week of his/her classes at Avalon.

GRIEVANCE POLICY

The school will make every attempt to resolve any student complaint that is not frivolous or without merit. Complaint procedures will be included in new student orientation, thereby assuring that all Students know the steps to follow should they desire to register a complaint at any time. Evidence of final resolution of all complaints will be retained in school files in order to determine the frequency, nature, and patterns of complaints for the institution. The information will be used in evaluating institutional effectiveness and outcomes. Contact the campus administration office to obtain the designated form in order to properly register a grievance.

1. The student should register the complaint in writing using the official Student Grievance Form provided by the institution within 60 days of the date that the act which is the subject of the grievance occurred.
2. The complaint form will be given to the school Owner/Director.
3. The complaint will be reviewed and a response will be sent in writing to the student within 30 days of receiving the complaint. The initial response may not provide for final resolution of the problem but will notify the student of continued investigation and/or actions being taken regarding the complaint.
4. If the complaint is of such nature that it cannot be resolved by the institution, it will be referred to an appropriate agency if applicable.
5. Depending on the extent and nature of the complaint, interviews with appropriate staff and other students may be necessary to reach a final resolution of the complaint.
6. In cases of extreme conflict, it may be necessary to conduct an informal hearing regarding the complaint. If necessary, the institution will appoint a hearing committee consisting of one member selected by the school who has had no involvement in the dispute, another member who may not be related to the student filing the complaint or another student in the school, and another member who may not be employed by the school or related to the school owners. The hearing will occur within 90 days of the committee appointment. The hearing will be informal with the student presenting his/her case followed by the school's response. The hearing committee will be allowed to ask questions of all involved parties. Within 15 days of the hearing, the committee will prepare a report summarizing each witness' testimony and a recommended resolution for the dispute. School owners shall consider the report and either accept, reject, or modify the recommendations of the committee.

Any grievance complaints made outside of the school should be directed to <https://mn.gov/boards/cosmetology/faq/faq-complaints.jsp>.

STUDENT REFERRAL SERVICES

A list of agencies, addresses and phone numbers is maintained and posted on the Student Information Board located in the student breakroom. The administration office will provide assistance to any student requesting information pertaining to an area of need.

OSHA

The United States Department of Labor of Occupational Safety and Health Administration requires the school to advise its Students of the chemicals used in cosmetology and related training. During Orientation the student will learn about the importance of safety in the work place and how to use and follow the Material Safety Data Sheets (MSDS) for chemicals used in cosmetology or related training. During each unit of study Students are apprised of the various chemicals used and safe practices that apply. In addition, a complete file containing Material Safety Data Sheets for the chemicals used at the school are available electronically.
